Dear Bob and Bob,

Managing a parish as large and as active as mine is a challenge. When I decided to ask my parish family to review their financial stewardship, I knew that I needed to have this done by someone other than my limited staff.

I used your process seven years ago and turned to you once again to coordinate this important project. I was pleased with your professionalism and the quality of the series of letters. Knowing that once I turned this project over to you, that it would be done right was very comforting.

As a by-product of using your process, I will be able to up-date my database.

I appreciate this ministry that you have adopted. I ask the Lord to bless you and yours abundantly. As always, I remain

Yours in Christ,

Fr. Tony Mulderry
Pastor
