January 10, 2006

Dear Bob,

I want to thank you for contacting me a few months ago and telling me about your stewardship letter campaign services. I thought it sounded like a reasonable approach to further educate my parishioners about their roles as stewards and - at the same time - inspire them to reach up to the next level.

In my sixteen years here at St. Teresa I have been promoting Stewardship as a way of life. My message has been well received as was evident in our recent response to the Hurricane Katrina victims. I am also very proud of our constant outreach to the poor at St. Clare's and Neighbors in Need.

There was also generous giving in our campaign to build the Parish Activity Center and to renew the Church and School buildings. However, I was concerned that our current giving was not going to be sufficient to meet our ongoing expenses.

I can not tell you how pleased I am with the response to your stewardship letter campaign. We are experiencing a 25% increase as the result of your letter campaign.

I was initially concerned that, because you are located in another state, much of the effort would fall upon my staff. However, my staff and I were delighted at how you cooperated with us, how the program was conducted and how you took care of the administrative details. .

We had several registrations for electronic giving and were happy with over \$12,000 in response to your request for one-time gifts.

Once again Bob, thank you for contacting me and feel free to use this letter as a reference to the impressive results your letter campaign is capable of achieving.

Sincerely yours in Christ,

Father Barry Stanton

Father Finbarr P. Stanton
Pastor
