Robert,

I wanted to send a quick note to say “thank you” for your efforts with our offertory appeal. I thought the letters were well worded and were a **gentle approach to a personal subject matter**.

Your personalized letter program turned out to be very effective. We received responses from **177 of our 700 parish families amounting to a \$61,000 increase in our parish budget**. I was careful not to have high expectations during our current recessionary economy but I found the response of our parishioners very gratifying.

May the Lord grant you many more years of providing your valuable services to the Catholic community.

In Christ,

*Fr. Chris Kardzis*
