Robert,

I want to thank you for all you have done for us in conducting our stewardship appeal these past few months. We are a close parish community of **1500 families** and I wanted a very gentle means of approaching our parishioners about their stewardship. Our weekly collection had not changed in the past seven years and I needed additional funds to meet our ever increasing expenses.

**Father Feltman of St. Mary Catholic Church told me he had used your program back in 2005 and it was well received.** After reviewing your materials I was impressed with the quality and professionalism of the gentle letters and decided to move forward with a campaign.

We have had our capital campaign underway since 2006 and I was unsure how this would affect parishioner's responses to a stewardship appeal. **Happily, we saw a \$93,000 increase in pledges for 2009.** This will go a long way in helping with our weekly expenses.

Thanks again Robert. May God bless and I wish you all the best in 2009.

Prayers & Love,

Fr. Marty Nassr, Pastor
